Mrs. Caroline Dosker,
The University Museum,
Philadelphia, Pa.

Dear Mrs. Dosker:

Thanks indeed for the beautiful pictures of the two Haida Indian boxes, which arrived today along with your kind seasonal wishes. The same to you, and a very Happy New Year.

The photographs and the boxes are of such excellent quality that I will want to use them for publication. Do I have permission to do so, provided that I give appropriate acknowledgments?

Also, I wonder why only three sides of box 37732 are included? The side not included is the "front", which is the most important of all. If humanly possible, I would like it as well.

I have arranged for payment, through the university accounts office, of the invoice. Thank you once again for your kind help.

Yours sincerely,

Wilson Duff,
Professor.
